**Anni James – Mother**

'I just wanted to say a huge thank you from me and my husband from the bottom of our hearts to every member of this group. My husband and I lost our little girl, Emmeline, when she was stillborn at 24 weeks on Friday 24th October. When they brought her to us after she had been born I cried uncontrollably, for our loss but also for the kindness of a total stranger who has knitted special items so she could be clothed so beautifully. I had expected her to be in a hospital blanket. Instead she wore a tiny white knitted dress and a pink knitted hat, and was lying on a beautiful pink blanket. It was so helpful at the time to see her this way and it also gives me much more comfort to know that she can keep these gorgeous little items made with so much love. I found out today that her clothes and blanket were provided by Cuddles UK. You are just the loveliest people'

**Sally Kelly – West Middlesex University Hospital**

'Thank you for the wonderful work you all do in supplying the hospitals and families with your wonderful items. Families often comment how wonderful it is to have a real crib for their baby that is the right size, all the details of the baby gro's and the blankets and pouches etc. I am always blown away by how responsive you are to my panic cries when I have run out of something!'

**Simon Barrett – Homerton University Hospital**

'My name is Simon and I am the Mortuary Officer at Homerton University Hospital. We have been using your clothing here at this hospital for many years now and would like to say that you and all your hard working and devoted volunteers are brilliant. Your services are very much appreciated. I know only too well how difficult a time it is for Mums and Dads, and so would like to take the time to say thank you all for your incredible work. Small differences, such as gowns and hats, can have a positive impact on families and their memories. We aim to do our best to help them, and these differences mean the world to us. The service you all provide here at Homerton is so valued by us all. I personally cannot thank you enough for all your hard work and kindness all year round.'
